The Level:

This level was built for the Lara's Levelbase Advent Calendar 2015 as a prequel to Ice Age 3/24, a TRLE project by Clara, Masha and Sponge. In the main game, Lara will revisit some of the places featured in this level in a different context.

All new textures and objects in this level were created by me, Sponge, with photographs I took myself. The music in the game has been created by me as well, except for the rock music, which was provided by a friend's band. **I expect you, the downloader, to respect the effort put into this level by not ripping any of the material without my permission.** Please just play to enjoy!

Anyway, if you're interested in any of the used textures and/ or objects, please feel free to contact me via email (mario_fighter@gmx.net) or private message at forum.laraslevelbase.org (where I use the nickname 'Sponge') and we may talk this over. ^^

Further Information:

This is an updated version of the level that was originally released December 19th 2015.
There are 3 SECRET boxes hidden in the level. If you found all 3 boxes, an additional task will present itself.
If you fulfill the additional task, the 4th SECRET, you will be rewarded with a little surprise at the end.
